

GALAXY[®] SKYWATCH

Increase Productivity by Increasing Camp Morale

SKYWATCH is Galaxy's video streaming service enabling access to Netflix[™] and Shaw TV services. Camp workers with existing Netflix[™] accounts will have access to thousands of movies and TV shows. Combined with Galaxy's SMU camp solution, you can now offer your workers access to both of these great services.

KEY FEATURES

- Quick launch around any access point in the facility
- Utilizes the end user's existing Netflix[™] account
- Custom SKYWATCH interface for quick access and easy viewing of available content
- Uninterrupted on demand video streaming
- Watch on laptops, smartphones and tablets

CUSTOMER BENEFITS

- Improved on-site entertainment options
- Ensure camp employee retention
- Local content server has very little input on the bandwidth consumption
